    class WGameState
    class AnimationDemo
    class InstancingDemo
    class Kofta
    AnimationDemo --|> WGameState
    InstancingDemo --|> WGameState
    Kofta --|> WGameState
```

The diagram illustrates a class hierarchy. At the top is the 'WGameState' class. Below it are three subclasses: 'AnimationDemo', 'InstancingDemo', and 'Kofta'. A horizontal line connects the three subclasses, and a vertical arrow points from the center of this line up to the 'WGameState' class, indicating that all three subclasses inherit from 'WGameState'.
